

The Division of Employment Security has begun processing the \$300 Lost Wages Assistance (LWA) payments. Payments for the weeks ending 8/1, 8/8, and 8/15 will be processed separately. Eligible individuals should NOT expect to receive all their payments on the same day. The first retroactive payment should be issued by the end of the week of 8/29 and all others by the end of the week of 9/5/20. The payment may show in your UInteract account up to 24 hours before the payment is released to the bank. After the payment file is released to the bank, it could take up to 48 hours for processing time with the receiving bank before payment is in your account.
