In Re: Motion to Amend Annual Wage Order No. 17 filed by the Division of Labor Standards, Department of Labor and Industrial Relations.

---

On April 8, 2010, a Motion to Amend Annual Wage Order No. 17 was filed by the Division of Labor Standards with the Labor and Industrial Relations Commission (Commission) for the Commission's consideration and action. On April 14, 2010, the Division of Labor Standards filed an amended Motion to Amend Annual Wage Order No. 17. Annual Wage Order No. 17 had previously been filed on March 10, 2010, with the Secretary of State's Office.

The amended Motion to Amend Annual Wage Order No. 17 was posted on the Commission's website on April 14, 2010. The Motion indicated its purpose is to correct typographical, grammatical, and clerical errors discovered by the Division of Labor Standards subsequent to the filing of the wage order with the Secretary of State's Office. Attached to the Motion were the corrected pages sought to replace the originals filed with the Secretary of State's Office. The Motion requests that the Commission enter an order to substitute the designated pages attached for the original pages found in Annual Wage Order No. 17, along with any other relief that the Commission deems appropriate.

No objections have been filed to the Division's Motion to Amend. Having received no objections, the Commission sustains the Motion to Amend Annual Wage Order No. 17, originally filed by the Division of Labor Standards on April 8, 2010, and amended on April 14, 2010.

LABOR AND INDUSTRIAL  
RELATIONS COMMISSION

**MOTION TO AMEND ANNUAL WAGE ORDER NO. 17**

COMES NOW the Missouri Department of Labor and Industrial Relations, Division of Labor Standards and makes this motion to amend Annual Wage Order No. 17 to correct typographical, clerical, and grammatical errors. Movant would show the Commission as follows:

1. On March 10, 2010, the Division of Labor Standards filed Annual Wage Order No. 17 with the Secretary of State. Annual Wage Order No. 17 sets forth by county the initial wage rate determination for the occupational titles involved in the construction of public works projects.
2. After the filing of Annual Wage Order No. 17 the Division of Labor Standards discovered inaccurate information and typographical, grammatical and clerical errors in the Order.
3. The corrections are necessary to accurately reflect the information that was on file at the Division of Labor Standards prior to March 10, 2010, and to identify the proper overtime and holiday schedules.
4. The Division of Labor Standards requests that the Labor and Industrial Relations Commission substitute the attached 61 page(s) for the original page(s) in the annual wage order. On each of the attached pages the correction or addition is identified by bold print.
5. Public policy is served by making the attached corrections to reflect the proper overtime and holiday schedules.

WHEREFORE, the Missouri Department of Labor and Industrial Relations, Division of Labor Standards, requests that the Commission enter an order to substitute the attached 61 page(s) for the original page(s) in Annual Wage Order No. 17 and grant any and all other relief to which it may be entitled.

Respectfully submitted,

Relations

**NO. 2:** Means a regular workweek shall be forty (40) hours and will start on Monday and end on Friday. The Employer shall have the option of working five 8-hour days or four 10-hour days Monday through Friday. If an Employer elects to work five 8-hour days during any workweek, hours worked more than eight (8) per day or 40 per week shall be paid at time and one-half the hourly rate Monday through Friday. If an Employer elects to work four 10-hour days in a week, work performed more than ten (10) hours per day or 40 hours per week shall be paid at time and one-half the hourly rate Monday through Friday. When working a five 8-hour day schedule and an Employer is prevented from working forty (40) hours Monday through Friday, or any part thereof, by reason of inclement weather, Saturday or any part thereof may be worked as a make-up day at the straight time rate. If an Employer is working a four 10-hour day schedule and loses a day due to inclement weather, he may work 10 hours Friday at straight time. All hours worked over the 40 hours Monday through Friday will be paid at 1 ½ overtime rate. A workday shift is to begin at the option of the Employer, between 6:00 a.m. and not later than 9:00 a.m. However, the project starting time may be advanced or delayed if required. If workmen are required to work the enumerated holidays or days observed as such or Sundays, they shall receive double (2) the regular rate of pay for such work. Overtime shall be computed at one-half (1/2) hour intervals. Shift: The Contractor may elect to work one, two or three shifts on any work. When operating on more than one shift, the shifts shall be known as the day shift, swing shift, and graveyard shift as such terms are recognized in the industry. When two shifts are worked on any operation, the shifts will consist of eight (8) or ten (10) hours exclusive of lunchtime. When three shifts are worked the first day or day shift will consist of eight (8) hours exclusive of lunchtime. The second or swing shift shall consist of seven and one-half (7 1/2) hours work for eight hours pay, exclusive of lunchtime, and the third or the graveyard shift shall consist of seven (7) hours work for eight (8) hours pay, exclusive of the lunchtime. All time in excess of normal shifts shall be considered overtime. Multiple shift (the two or three shift) operation will not be construed on the entire project if at anytime it is deemed advisable and necessary for the Employer to multiple shift a specific operation. However, no shift shall be started between midnight and six a.m. except the graveyard shift on a three-shift operation, or except in an unusual or emergency situation. If an Employer starts a shift between midnight and 6 a.m. except the graveyard shift on a three-shift operation, he shall reimburse all employees for the entire shift at the double time rate. Completion of the second shift on a two-shift operation or completion of the graveyard shift on a three-shift operation that carries over into Saturday morning, shall be at the straight time rate. Overtime shall be computed at ½ hour intervals.

**NO. 7:** Means the regular work week shall start on Monday and end on Friday, except where the Employer elects to work Monday through Thursday, ten (10) hours per day. All work over ten (10) hours in a day or forty (40) hours in a week shall be at the overtime rate of one and one-half (1½) times the regular hourly rate. The regular work day shall be either eight (8) or ten (10) hours. If a job can't work forty (40) hours Monday through Friday because of inclement weather or other conditions beyond the control of the Employer, Friday or Saturday may be worked as a make-up day at straight time (if working 4-10's). Saturday may be worked as a make-up day at straight time (if working 5-8's). Make-up days shall not be utilized for days lost due to holidays. A workday is to begin at the option of the Employer but not later than 11:00 a.m. except when inclement weather, requirements of the owner or other conditions beyond the reasonable control of the Employer prevent work. Except as worked as a make-up day, time on Saturday shall be worked at one and one-half (1½) times the regular rate. Work performed on Sunday shall be paid at two (2) times the regular rate. Work performed on recognized holidays or days observed as such, shall also be paid at the double (2) time rate of pay.

A work day is to begin between 6:00 a.m. and 9:00 a.m. However, the project starting time maybe advanced or delayed if mutually agreed to by the interest parties.
