GENERAL WAGE ORDER NO. 55

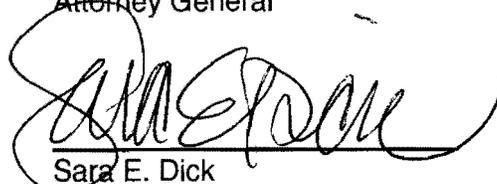

MOTION TO CLARIFY GENERAL WAGE ORDER NO. 55

COMES NOW the Missouri Department of Labor and Industrial Relations, Division of Labor Standards, ("Movant" and/or "Division of Labor Standards") and makes this motion to clarify General Wage Order No. 55 to identify where to find the applicable prevailing wage rates for work on a project covered by the General Wage Order when workers are performing work within an occupational title(s) not listed in the General Wage Order. Movant would show the Commission as follows:

1. On June 30, 2011, the Division of Labor Standards filed General Wage Order No. 55 with the Secretary of State. General Wage Order No. 55 sets forth by county the initial wage rate determination for the occupational titles involved in the construction of public works projects for the Missouri State Highways and Transportation Commission.
2. After the filing of General Wage Order No. 55, the Division of Labor Standards realized that on some projects work is performed that falls within occupational title(s) that are not listed on General Wage Order No. 55.
3. The clarification is necessary to notify affected parties where to obtain the proper wage rate for the respective occupational title(s) that are not otherwise listed on General Wage Order No. 55.
4. The Division of Labor Standards requests that the Labor and Industrial Relations Commission substitute the attached 1 page for the original page in General Wage Order No. 55. On the attached page the addition is identified by bold print.
5. Public policy is served by adding the clarifying language to assure that the appropriate wage rates are paid.

WHEREFORE, the Missouri Department of Labor and Industrial Relations, Division of Labor Standards, requests that the Commission enter an order to substitute the attached 1 page for the original page in General Wage Order No. 55 and grant any and all other relief to which it may be entitled.
